But we have no assurance that if the smendment was adopted by the South and the degrading terms of the third section accepted that other and more offensive conditions would not be proposed. The Radical leaders and Radical presses would indicate that such is their purpose.

The Chicago Post, a leading Radi-

cal paper, says : "The Constitutional amendment is not a finality. It is not all the Republican party intend to labor for .-The New York Independent, a Radical paper, speaking of the proposition to admit the Southern Representatives, remarks: "God forbid! No leading Republican in Congress means to ad mit the ten waiting States simply on the adoption of that amendment.-These States are not to be admitted on no condition short of equal political rights of their loyal citizens, without distinction of race. A reconstruction of the Union on any other pasis would be a national dishonor .-Until the rebel States can come back on this basis, they shall not come at barrier against the precipitation of the ten rebel States upon Congress, until those States shall come bearing, as their credentials, constitutions and laws of political equality."

The New York Times, whose editor, Henry J. Raymond, is a member of Congress, and an influential politician,
